

“SOUND SCAVENGER HUNT”

As a group, you need to find these different sounds within the environmental area you have been restricted to. You can be as creative as you like to try and find these sounds. Make sure that each sound is different and not just an extension of another sound.

Remember, you must have your teacher verify the fact that you have found the sound and sign your sheet. Be prepared to perform these sounds for the other groups in your class. Fill out the table below:

Sound	Description of location	Teacher signature
Find a musical sound		
Find the loudest sound you can		
Find the sound that make the group feel relaxed, calm and sleepy		
Find the sound that makes the group feel like moving a lot		
Find the sound that makes the group feel scared		
Find a sound that represents the groups quiet place		
Find the groups favourite sound.
